Complementary Feed
Multivitamin Solution

COMPOSITION

1 mL solution contains:			
<i>Dietary additives</i>			
3a672b	(Retinyl palmitate)	Vitamin A	50000 IU
3a671	(Cholecalciferol)	Vitamin D ₃	25000 IU
3a700	(All-rac-alpha-tocopherol acetate)	Vitamin E	4 mg
3a300	(Ascorbic acid)	Vitamin C	2 mg
3a820	(Thiamin hydrochloride)	Vitamin B ₁	2.5 mg
3a	(Riboflavin 5-phosphate ester mono-Sodium salt)	Vitamin B ₂	2.1 mg
3a315	(Niacinamide)	Vitamin B ₃	12.5 mg
3a842	(D-panthenol)	Vitamin B ₅	3 mg
3a831	(Pyridoxine hydrochloride)	Vitamin B ₆	1.25 mg
3a	(Cyanocobalamin)	Vitamin B ₁₂	30 µg

Feed Materials-Propylene glycol (11.13.1) 250 mg

Technological additives- preservatives (E202) 1 mg, emulsifiers (E484) 200 mg, Carrier-water

ANALYTICAL CONSTITUENTS

Moisture content 49.37%, Sugar 5%, Sodium 0.01%, Crude fat 2.5%, Crude protein 0.0%, Crude fibers 0.0%, Crude ash 0.0%, Lysine 0.0%, Methionine 0.0%

DIRECTIONS FOR USE

Recommended to support conditions in animals with vitamin deficiencies. It has benefits for stress related situations such as birth or weaning, transport, change in housing, extreme changes in temperature, and in changes of feed. Also, in conditions of illness, convalescence and post-infection recovery periods, growth-related problems, diseases caused by nervousness and for the animal's general thriftiness. Moreover, it is used for supporting the growth of animals.

Produced as Sterile (E.Ph.) of a high quality

Animal species	Recommended Dosage
Cattle, camels, horses	10 – 20 mL
Calves, sheep	5 – 10 mL
Pig	10 mL
Piglets (10-30 kg)	1 – 3 mL
Piglets (10 kg)	1 mL
Lambs	2 – 3 mL

The product may be given directly to individual animals and to groups of animals via the feed or water to supplement the daily ration to suit the needs. It can be administered 2-3 times a week in necessary cases. Recommended dosage is according to 150 L water or 150 kg feed.

GENERAL WARNINGS

Consult your veterinarian before use.

1 µg Retinyl palmitate = 1 International Unit (IU)

1 mg all-rac-alpha-tocopheryl acetate = 1 International Unit (IU)

40 IU cholecalciferol is equivalent to 0.001 mg.

Do not use with Vitamin D₂

This product does not contain no animal originated ingredient and/or GMO.
For user safety, gloves, glasses or other protective equipment should be used.

Net volume: 100 mL

Shelf life: 3 years from date of production.

SPECIAL PRECAUTIONS FOR STORAGE AND TRANSPORTATION

Protect from direct sunlight. Do not freeze. Store at room temperature 15-25 °C and in a dry place. Keep out of reach of children.

SPECIAL PRECAUTIONS FOR THE DISPOSAL OF UNUSED PRODUCT OR WASTE MATERIALS DERIVED FROM THE USAGE

Do not empty into drains or with the household waste. The current legal regulations should be observed. This will help protect the environment.
